When symptoms persist or in all cases of doubt seek medical advice. Protection of first-aiders : First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists. If inhaled : If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention. In case of skin contact : Remove contaminated clothing and shoes. Get medical attention if irritation develops and persists. Wash clothing before reuse. Thoroughly clean shoes before reuse. In case of eye contact : If in eyes, rinse well with water. Get medical attention if irritation develops and persists. If swallowed : If swallowed, Get medical attention. Rinse mouth thoroughly with water. 4.2 Most important symptoms and effects, both acute and delayed : Dust contact with the eyes can lead to mechanical irritation. 6.3 Methods and material for containment and cleaning up

Methods for cleaning up	: Sweep up or vacuum up spillage and collect in suitable
	container for disposal.
	Avoid dispersal of dust in the air (i.e., clearing dust surfaces
	with compressed air).
	Dust deposits should not be allowed to accumulate on
	surfaces, as these may form an explosive mixture if they are
	released into the atmosphere in sufficient concentration.
	Local or national regulations may apply to releases and
	disposal of this material, as well as those materials and items
	employed in the cleanup of releases.
	You will need to determine which regulations are applicable.
	Sections 13 and 15 of this SDS provide information regarding
	certain local or national requirements.

SECTION 7: Handling and stora	ge
7.1 Precautions for safe handling	
Technical measures	: Static electricity may accumulate and ignite suspended dust
	causing an explosion.
	Provide adequate precautions, such as electrical grounding
	and bonding, or inert atmospheres.
Advice on safe handling	: Do not breathe dust. Do not swallow. Avoid contact with eyes.
	Handle in accordance with good industrial hygiene and safety
	practice. Keep container tightly closed.
	Minimize dust generation and accumulation.
	Keep away from heat and sources of ignition.
	Take care to prevent spills, waste and minimize release to the
	environment.
Hygiene measures	: When using do not eat, drink or smoke.
